17 year old Nova has one last chance to turn her life around. When the judge gave her an ultimatum of getting herself and her life together or going to prison, she is sent to a Ranch in the middle of nowhere swarming with hot cowboys.

The same Ranch that she had burnt a barn down on that had sent her back to Juvenile detention.

The same cowboys that had almost lost their ranch because of her.

How do you change when everyone hates you and doesn't trust you?

How do you change when you don't want to?

Which life will she choose? The fun but dark life she's been living her entire life or something even better?

This story is a reverse harem, meaning she'll end up with more than one guy
